Dear, dear Husband—
As for your
request we will have that
letter awaiting your return.
I wrote Aunt Lola and
told her to "tell you" the news
but as she is with you
you will get this as
soon as she does her's.

She knows 2 lots of people there that I do. She is a fine woman and just as good as she can be to us. She only asks $25.00 for the apt. and has always gotten more than that. She furnishes lights & water and we furnish gas and laundry. It is right in town and as the stores don't deliver that is important. She

Have gotten pretty well settled here but we give up our nice cool room tomorrow to take a tiny 3-room apartment in the rear. It is screen and low ceiling and altogether shabby, but several women are trying their best to get it. But I made a fine impression on the landlady - Mrs. Linn from Houston and I get it.

allows us the use of reception room - victrola piano &c - use of refrigerator but we pay our portion of ice bill. We have to pay 8½ cts per 5 gals for distilled water and as the city water is said to have typhoid germs we do not use city water. There are several cases of typhoid the soldiers camp near

here have been supplied from City water and the supply is so low they (City have had to resort to River water hence the typhoid.

We had a nice rain yesterday and cooled off things a little. It thundered some but not bad. It rains here every day then July and it will be the

coolest month I've been
sick besides what ailed me
this week and haven't felt
equal to walking until yes-
terday late we went on
Mt Vernon St and past
the fort at a short distance
It was a nice hill climb
and Sara Ruth enjoyed
and wanted me to climb
the second hill but I didn't
July 2nd the pioneer del-

ebration starts. It is to be
cow boy feats &c. giving
away $10,000 in prizes. It
is to welcome home the boys
who have been in the army.
I guess we can't go as
the season ticket costs $16.00
I try not to spend any
more than I have to. But
the money certainly goes
fast. I drew ~~$100~~ $75.00 Sat. but
I made the check out in

dont name. and put it
in "the Bank of Arizona" here
that $5.5.xx I it and now
I only have $29.80 in that
bank. I had to pay $14.xx for
this room for one week but
everything here was full up.
I think S. K. and A both are
going to fil much better
here. She seems just fine
now and eating like a
little pig. I think it would
be nice if for Aunt Luke &

Elizabeth to come and stay
it here awhile. Fruit is
very high. Do if our peaches
are ripe send us a box. Oranges
are $1.00 a dozen, berries 20 cts
for the small boxes, cherries
30¢ per lb. There are some
beautiful places around here
but the auto charge so much
to take you that we wont
be able to get around much.
There are no street cars. There

are pretty trees - boy elders - all over the city. It is said to be the aristocratic city of this state. All of the girls are enjoying Para-Ikatup treats. She is telling them of on the porch all about Ter-mosa Beach - and she gives it to them in straight Jack so they all think she is very clever. She told Mrs. Linn this morning that her [illegible] was a smart man.

We received your cards on afternoon mail. Glad you are having such a fine cool time. I think it will freshen up your mind for your exams. more than by much study. When do you expect to move up this-way? I would go from here to Bishop by way of Mojave. It will cost us about $4.00 to get back to Pasadena by way of Nickelsberg & Santa Fe. I have

here about 3. P. M.
and get to Los Angeles
next morning. Ofc
the agent said if
I went by way of
Mojave he couldn't
assure me of a
pullman berth as
they are made out
in Chicago & usually
one could be gotten
from here but he
could write & save
me. and they don't
know as the wire
is not answered.
Lots & lots of love
to You & Friends. Mary-

Dear Father I
I am at Prescott
we are having
a fine time. We are
at the Linn Hotel.
There are two big
girls here. My dove
is on my hand.

After a very pleasant four days visit in Phoenix with Headgates at Ethels, Mr Story brought us back to Mesa last night. Your two letters with all their "strange position" excitement were await me. Also Dana's rather important "Personal" one. It created quite a bit of excitement among the children and they didn't look

for some one to help read it. She answered it as quickly as she could and by herself. Aunt Lovie asked her how she spelled some of the words and she said she looked in Webster's Dictionary. It was nice of Uncle Fred to offer you that position and from a health standpoint it will be undoubtly a good change for a year or so to "build up" our constitutions. but from

a financial 3rd view point I do not think you moved as many bitter up there where everything is so high than you are doing where you are - especially if you traded the lot for a house and not have put. If you don not dispose of the place you will have to pay some one to keep it up. Would they wait until you heard from your bro. in Texas first. You

moved Jul 4 today if you did hear Fuller thought there for you. Does Jim pay te Jim when you make your investigating trip? What do the future of the for. any chance for promotion - How long does it last &c.

There are no mice to let to do about packing &c but I guess that will be when you get back from your trip. If

will pay us $5 to take our
canned fruit - The nice dishes
and cut glass will at least need to be packed.
Julia expects to get out of
the hospital about Sunday and
will probably stay here with
Watson for a short time until
she is able to go to Prescott and
I had planned to go to take
care of her. She can't cut
up her food as she hasn't
the use of one arm. Mrs.

Story has a job in the Air
mail grocery at $75 per mo.
as pilot helper. I don't know
what my expenses will be
at Prescott. Julia had ex-
pected to foot the expense
but they are hard up with
the hospital bills and I think
Prescott is high. If it were
not my duty to go with
her I would be glad

to start home instead of
Onesarth first of next mth.
I feel that my visit is
nit. I think I am improv-
ing some, but still have
my cold and it is hot
hot for comfort in the af-
ternoons. There is quite a
bit of Influenza over this
state. Two died here of it
this week. Watson back in

barely touched his meat
and got 1007 packs. for it
Each got - $2.65 - per pack but
a heavy ex fine comes
out of that. I drove that
way Money. Had to pay
$4.25 - for a pair of Mary Janes
for S.B. and got - a pair of
Low Backs dress for myself
The Chinaman who dresses

my washing charged $1.60
for a very small bundle. Six
starched pieces - for the money
goes fast. When do you think
I will plan to come home?
I do not want to go to Milan
since Julia is not there.
There is no use in that ex-
tra expense. Likely Marcus
will bring Joy over here before
Milan. I told him today that

Sara-Kathryn had a gorgeous time with Maurine & Margaret. They are just as grand and thoughtful & nice as ever. Gertrude Buchanan has been in the hospital at Tucson since May 12. Has been seriously ill but out of danger now.

We went to the entertainment at the close of Mason's children's school, and them were in a nice play & did their parts real well. Whit Wilson makes $800 a month salesman engineering. Has 2 children. Many lots of love
